**Mr. Grant Smart**

# Most Ambitious Teacher

The 1967 SUMMARIUM staff would like to dedicate the yearbook this year to a teacher who is not really a teacher at all, but more like a friend. Mr. Grant Smart. We are indebted to him for outstanding effort he has put forth in advancing our education. His constant concern for his pupils can never be repayed. We will always remember him as the man who made school a joy to attend.

Mr. Smart was born in Adrian, Michigan in 1937. He graduated from Adrian High School in 1955 and received his B.A. from Adrian College. He has traveled the world through his experiences. He has worked on numerous newspapers, but finds teaching much more interesting. He teaches Government and American History.

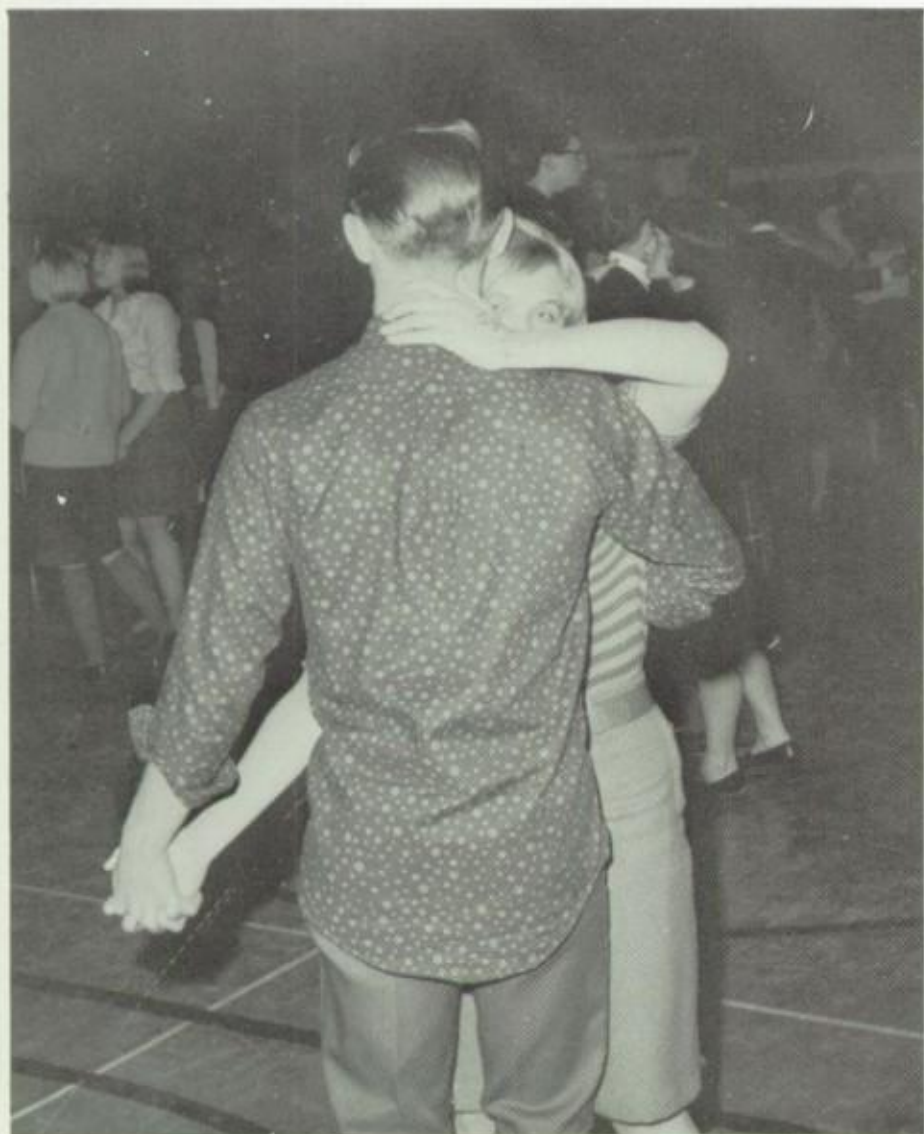

## *A Kaleidoscope of*

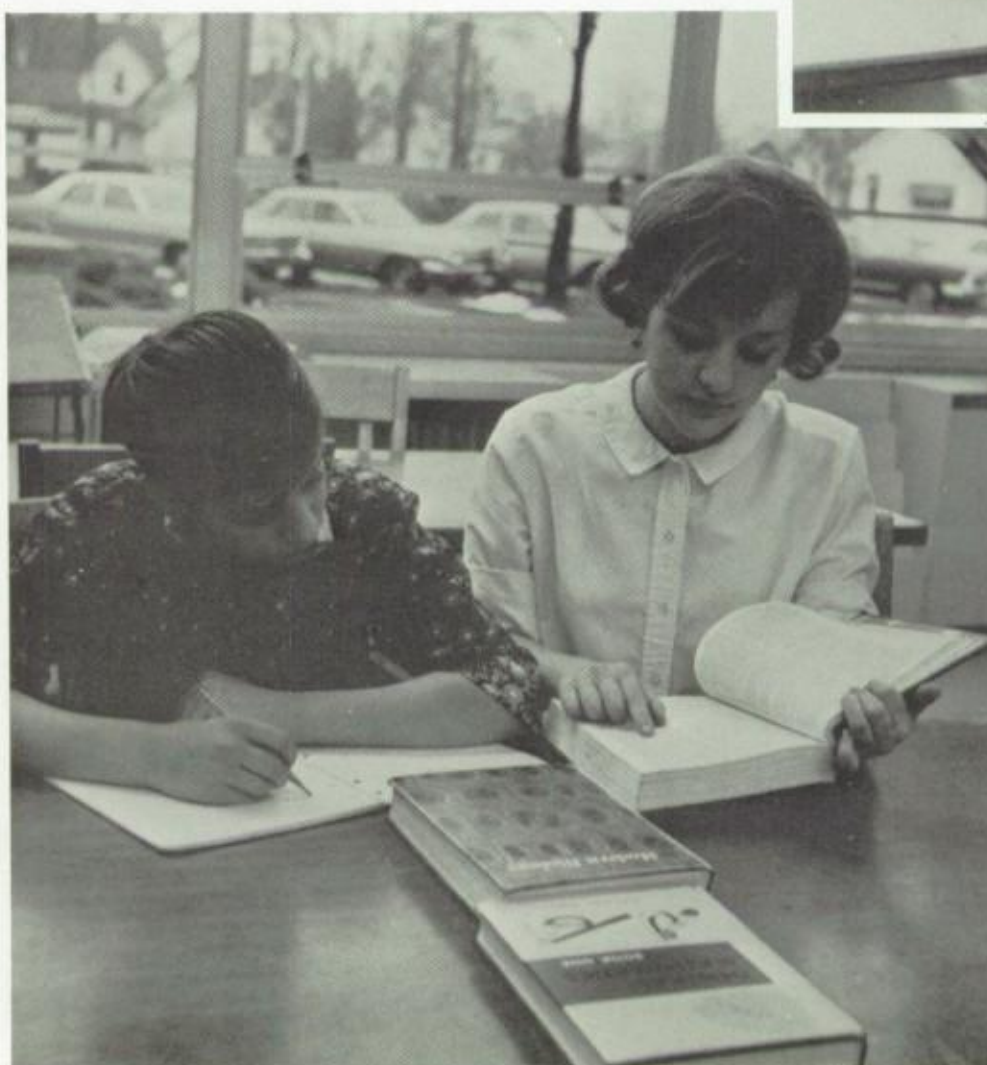

## Student Life

Sports, Scholastic activities and student life or student activities make up the three main activities of the students. These three tie in intricately with everything the student does. Everything the student does, he does to meet one of these ends.

# Strong and Stern

## Our Superintendent

Dear Seniors:

To this very special class, my sincere congratulations. May your lives and your accomplishments be such that this community will acknowledge with pride its part in helping to shape your life.

I wish you joy, happiness and a sincere appreciation of life and its responsibilities.

Sincerely,

*Ross Cox*

# They Led the Way

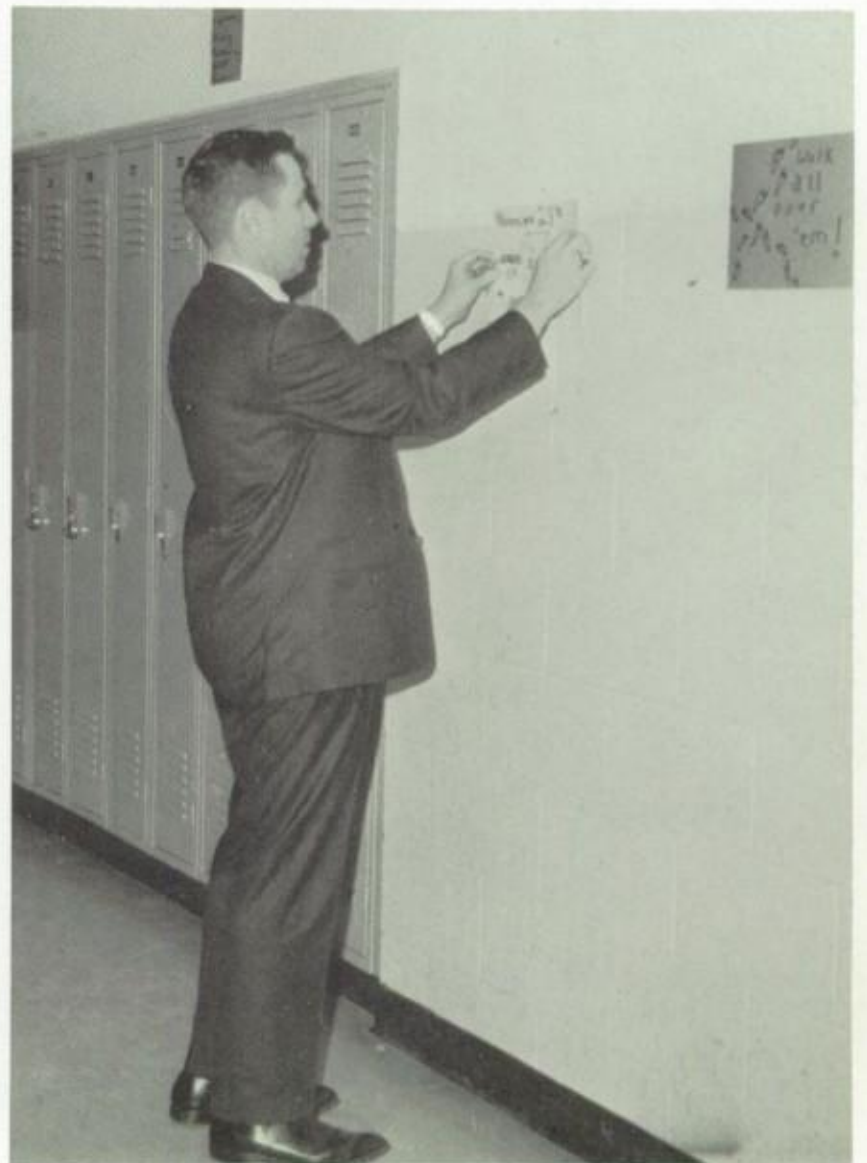

## Our Principal

TO THE CLASS OF 1967

Your graduation from Summerfield High School is just the beginning of the time when you must assume adult responsibilities. As time goes on, more and more important personal decisions must be made by you. The school and, more surely, your parents have done what they could to prepare you for this adulthood. Now it is up to you.

I sincerely wish every one of you success in securing for yourself the satisfaction of performing some useful, honorable and essential service to our society. It is only through service to others that one can have a truly happy life.

*Jack McKindley*

# Provides Means of Education

Year after year the Board of Education continues to provide the community with the means of education in the Summerfield School system. Many evenings they work far into the night to provide the children of the community with a workable school system.

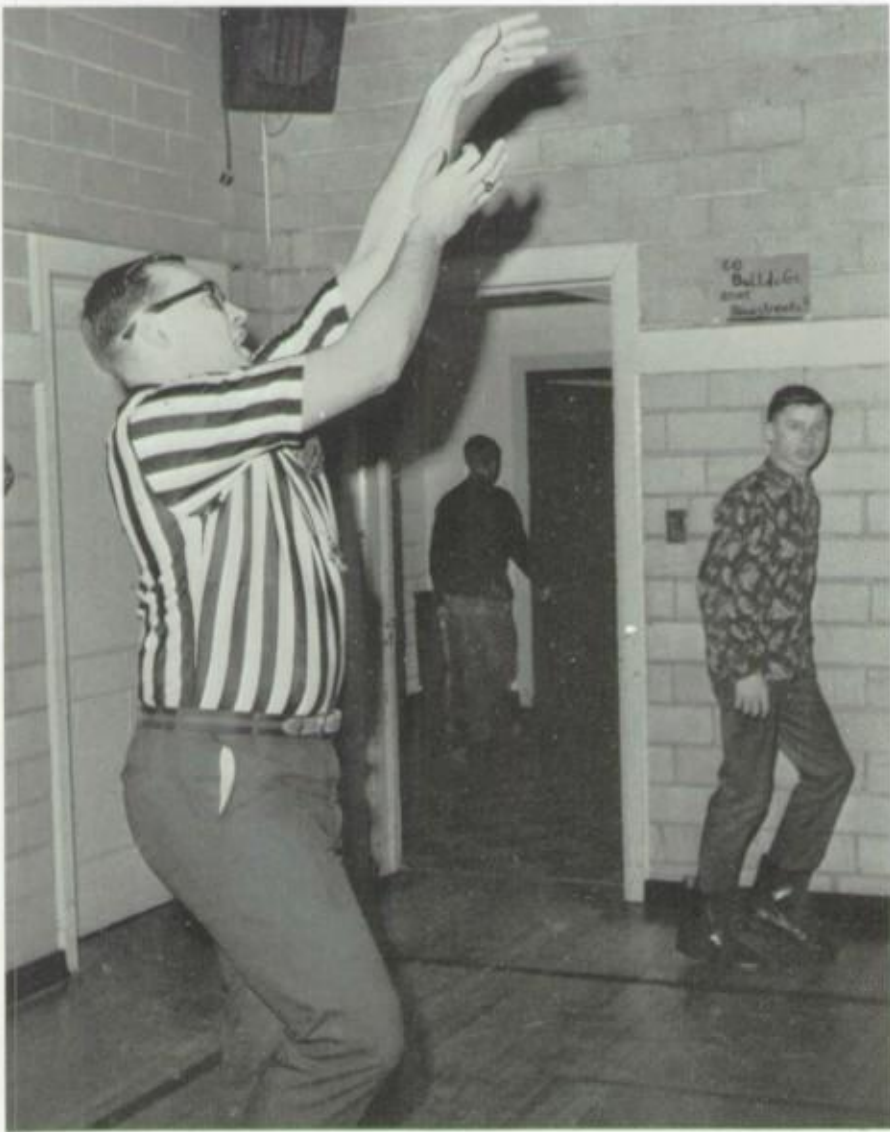

As graduated students of Summerfield High School we owe a debt which can only be repaid when we provide our own children with an education.

Mr. Harold Schankin thinks on the matter for a while.

# More to a Teacher's Life than Classes

Yes there is more to a teacher's life than being in their classes from 8:15 to 3:31. A teacher must be at school a half hour early in the morning and remain a half hour after school is dismissed. During this time they are not idle, but grading papers, preparing tests or the next day's lesson. If they are sponsors of a class they must stay and chaperone any of that classes functions which might run until 11:30. Yes there is more to a teacher's life than their classroom activities.

## **Not the End But the Beginning**

This is not the end of life, but the beginning. We have not lived our lives, but only just begun to prepare for them. During our years at Summerfield we have been taught by those who have learned through experience, and who have gained their knowledge from their mistakes. They have passed this vital information on to us so that we may go out and live productive, fruitful lives. The Senior Class of '67 wish to thank the people of Petersburg and the faculty for helping us throughout our years at Summerfield.

# ***We honor our Valedictorian***

With an average of 3.71, Don Link received the honor of Valedictorian from the senior class of '67.

Don was active as President of the National Honor Society, a member of the band, co-editor of the Summarium.

After graduation Don plans to further his education at the University of Michigan in Ann Arbor.

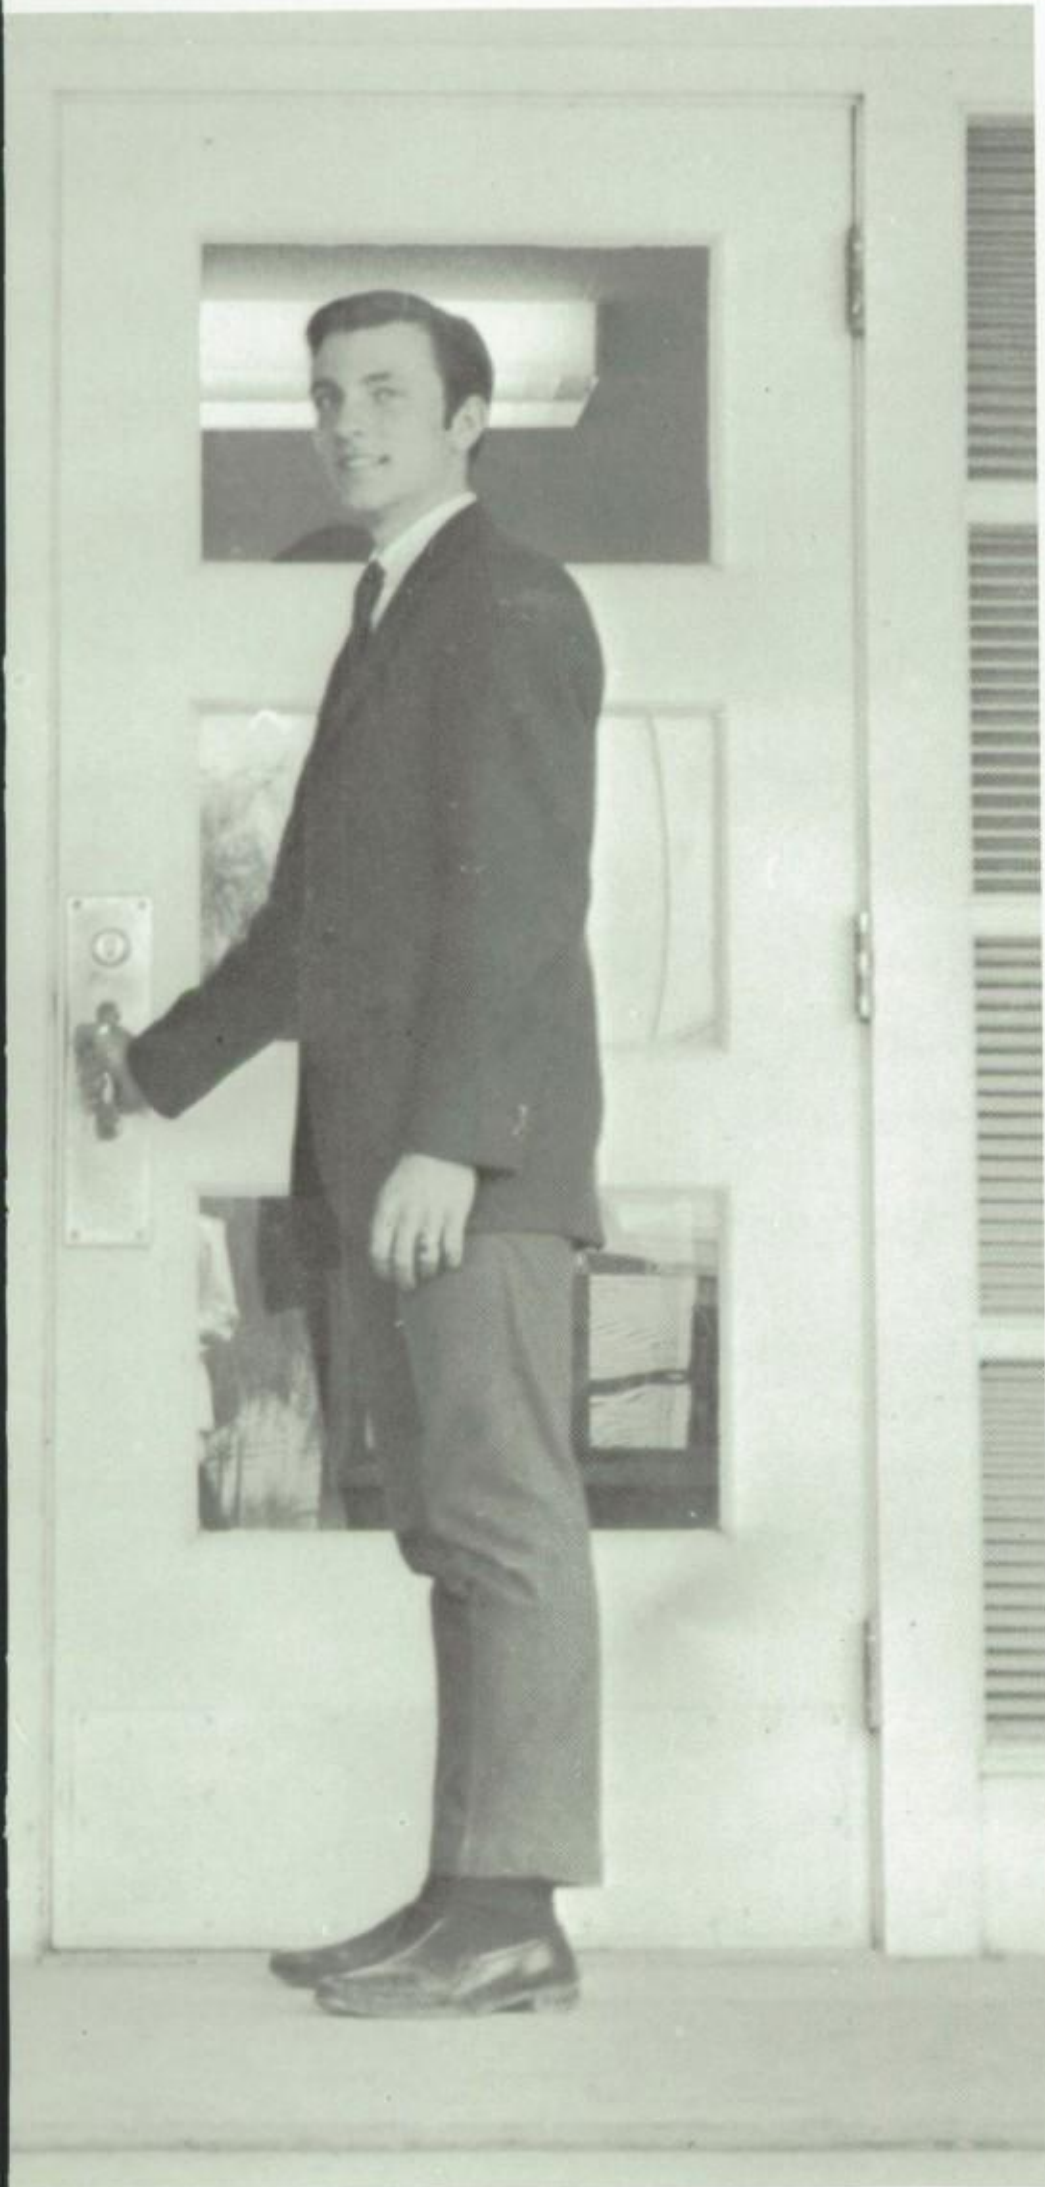

Don will always be regarded as a conscientious student and a friend to his fellow classmates.

Don and Jim as they leave their plan of learning to fulfill their hopes for the future

## and Salutatorian

Jim Drake was this year's Salutatorian with an average of 3.70 for four years of high school.

He was active in the National Honor Society, a member of the football team and a member of the Summariun Staff.

Jim has been active in many extra-curricular activities at Summerfield, but he has always had time to help his fellow classmates.

In the fall Jim plans to attend Monroe Community College.

TOM WISNIESKI

Selected by the faculty to attend Boy's State was Tom Wisnieski.

Tom was selected using personality, honesty, good sportsmanship, character, and leadership.

Tom stayed at Michigan State University. During his stay he attended lectures and various activities, he also learned of the policies and the running of the government.

Tom was sponsored by the Kiwanis Club of Petersburg.

JEAN GOSS

# State and D.A.R. Representatives

Diane Heller was selected to receive this year's Daughter of American Revolution citizenship award.

She was chosen by the senior class and the faculty on the basis of leadership, service, dependability, and patriotism.

The award was sponsored this year by the Nancy De Graff Toll Chapter.

Jean was chosen by the faculty to attend Girl's State. She was sponsored by G. L. McAran.

For one week in the summer she attended Girl's State on the University of Michigan Campus in Ann Arbor. Here she learned about the workings of the government.

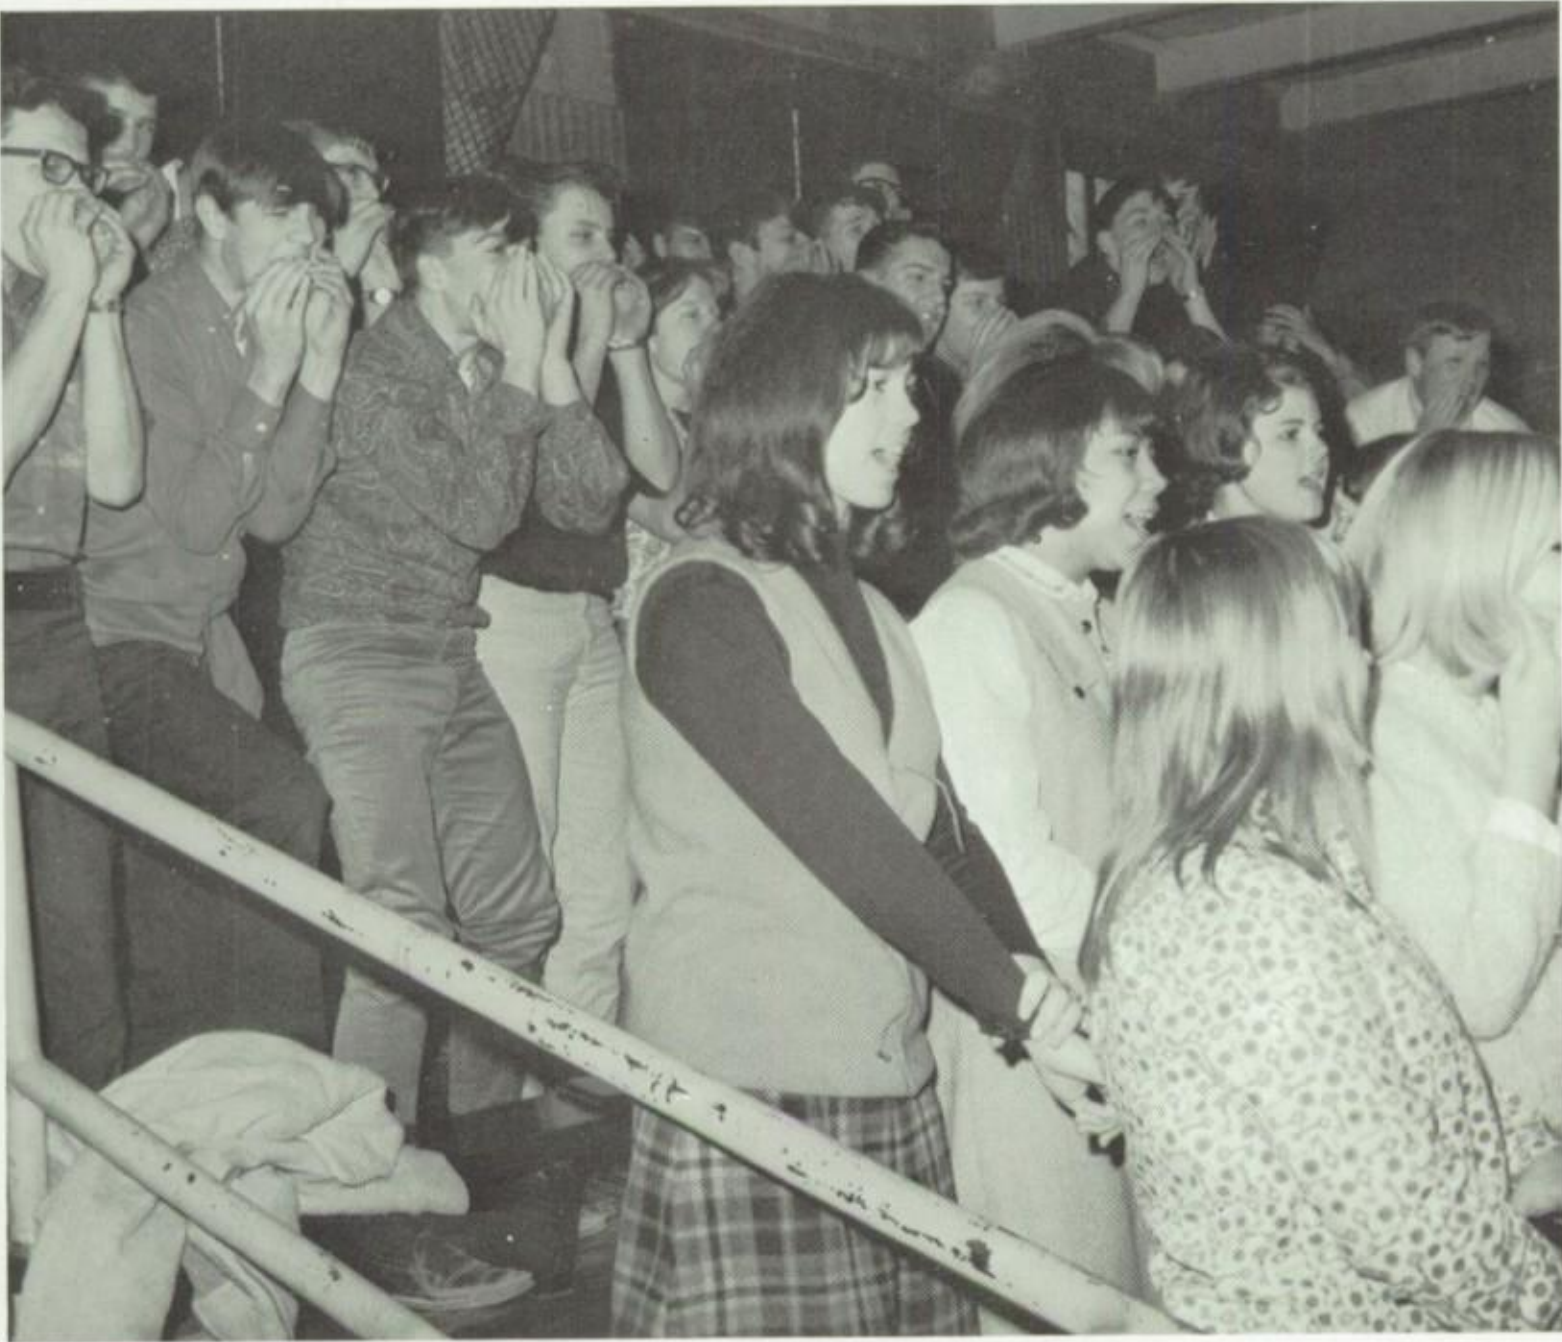

## Recreation To Be Well Rounded

Yes, for a student to be well rounded, he must not only spend his time in his classes, but he must also spend some time with his fellow classmates. A well-rounded student is one who not only comes to school for his classes, but takes time to be in a club or other extra-curricular activities.

## **More Than School Work To Be Done In A Day**

Besides attending his or her classes each day the more ambitious student participates in some extra-curricular activity such as; cheerleading, basketball, newspaper staff, the student council, audio visual club, plus many many more. To participate in one helps to clear the student's mind and gives him a chance to relax after a hard day in the classroom.

Once again the Winter Carnival proved to be a hit with both faculty and students alike. The Carnival started off at ten o'clock sharp on the morning of January 21. There were many booths sponsored by the different classes. Some of them were the spookhouse by the senior class, a pie throwing booth by the Sophomores, with teachers and students as the targets, the Varsity club had their free throw booth, the freshman class was there to keep the peace with their jail house, plus many many more.

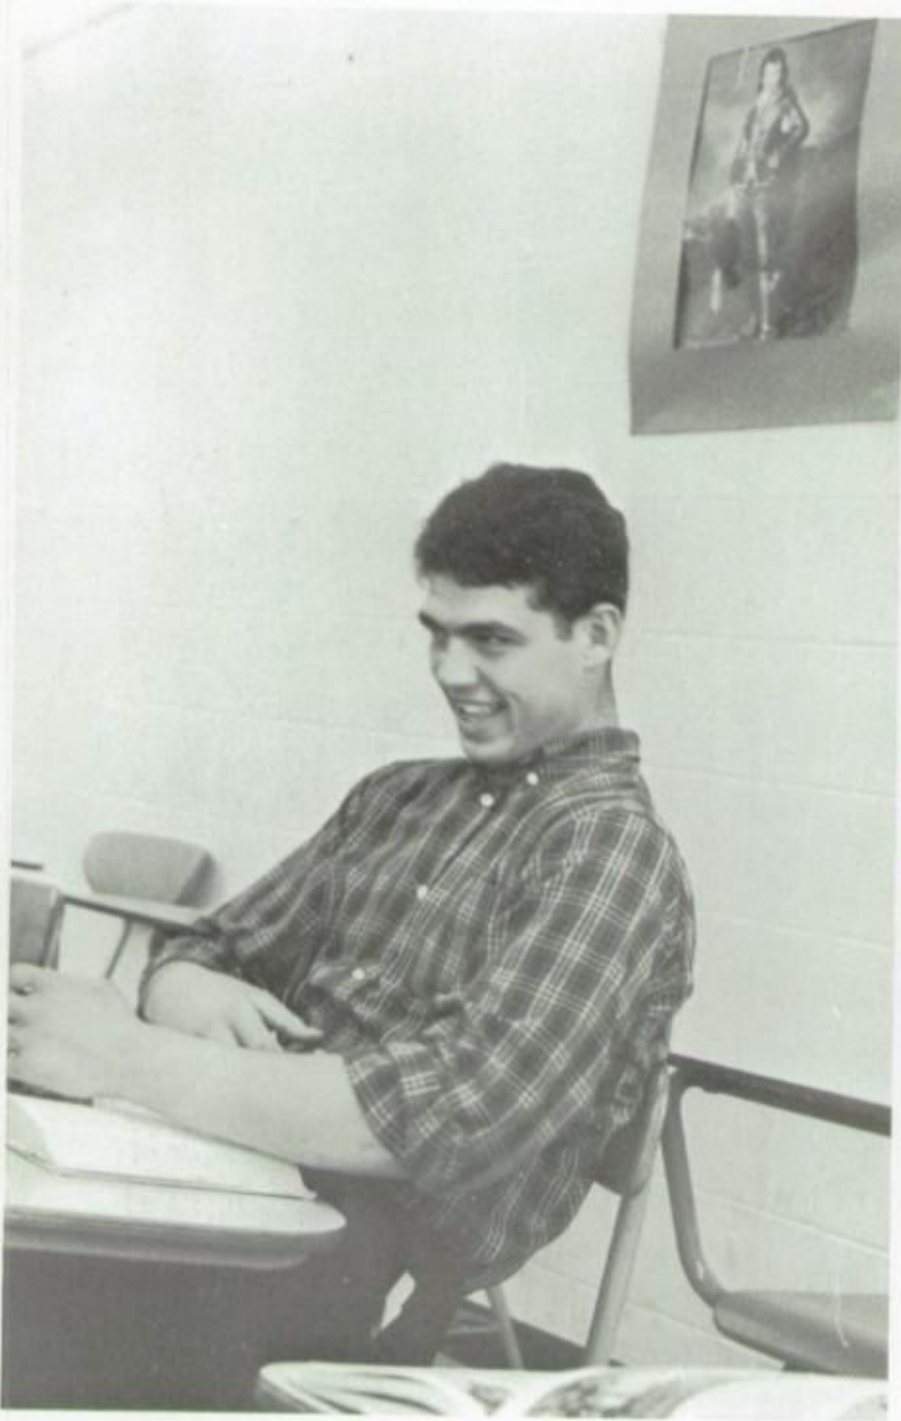

A place for the students to let off steam was the sophomore booth.

Jim Drake taking time to beat Victor Stevens in hand wrestling.

## Still Working Hard

Tom Bilan listening to a Sociology lecture.

Yes the seniors are still hard at work. Just because it is our last year we cannot start to loaf. Our senior year is the hardest year a student has while in high school. He not only has his studies on his mind but he must be preparing for the future. He has to choose a college if he is planning to further his education or he may be planning on a career in the service of his country. Some may be planning a farming career or they may be thinking of entering big business. Whatever he is planning you can see that it will affect his whole life. So he will not be taking it lightly.

## Work Was Fun For Most

Beverly Ott doing a little patch work.

For those students that have discovered that education is an important tool for them to have. These are the ones who will get ahead in life. They have discovered that if you buckle right down to a job and get it over with that you will find that it really was fun to do. It is this kind of a person who will get the most out of life. If a job is boring he will know what to do to make it more interesting so that he can do a better job of it.

The cheerleaders work to finish a Bulldog sign for the game.

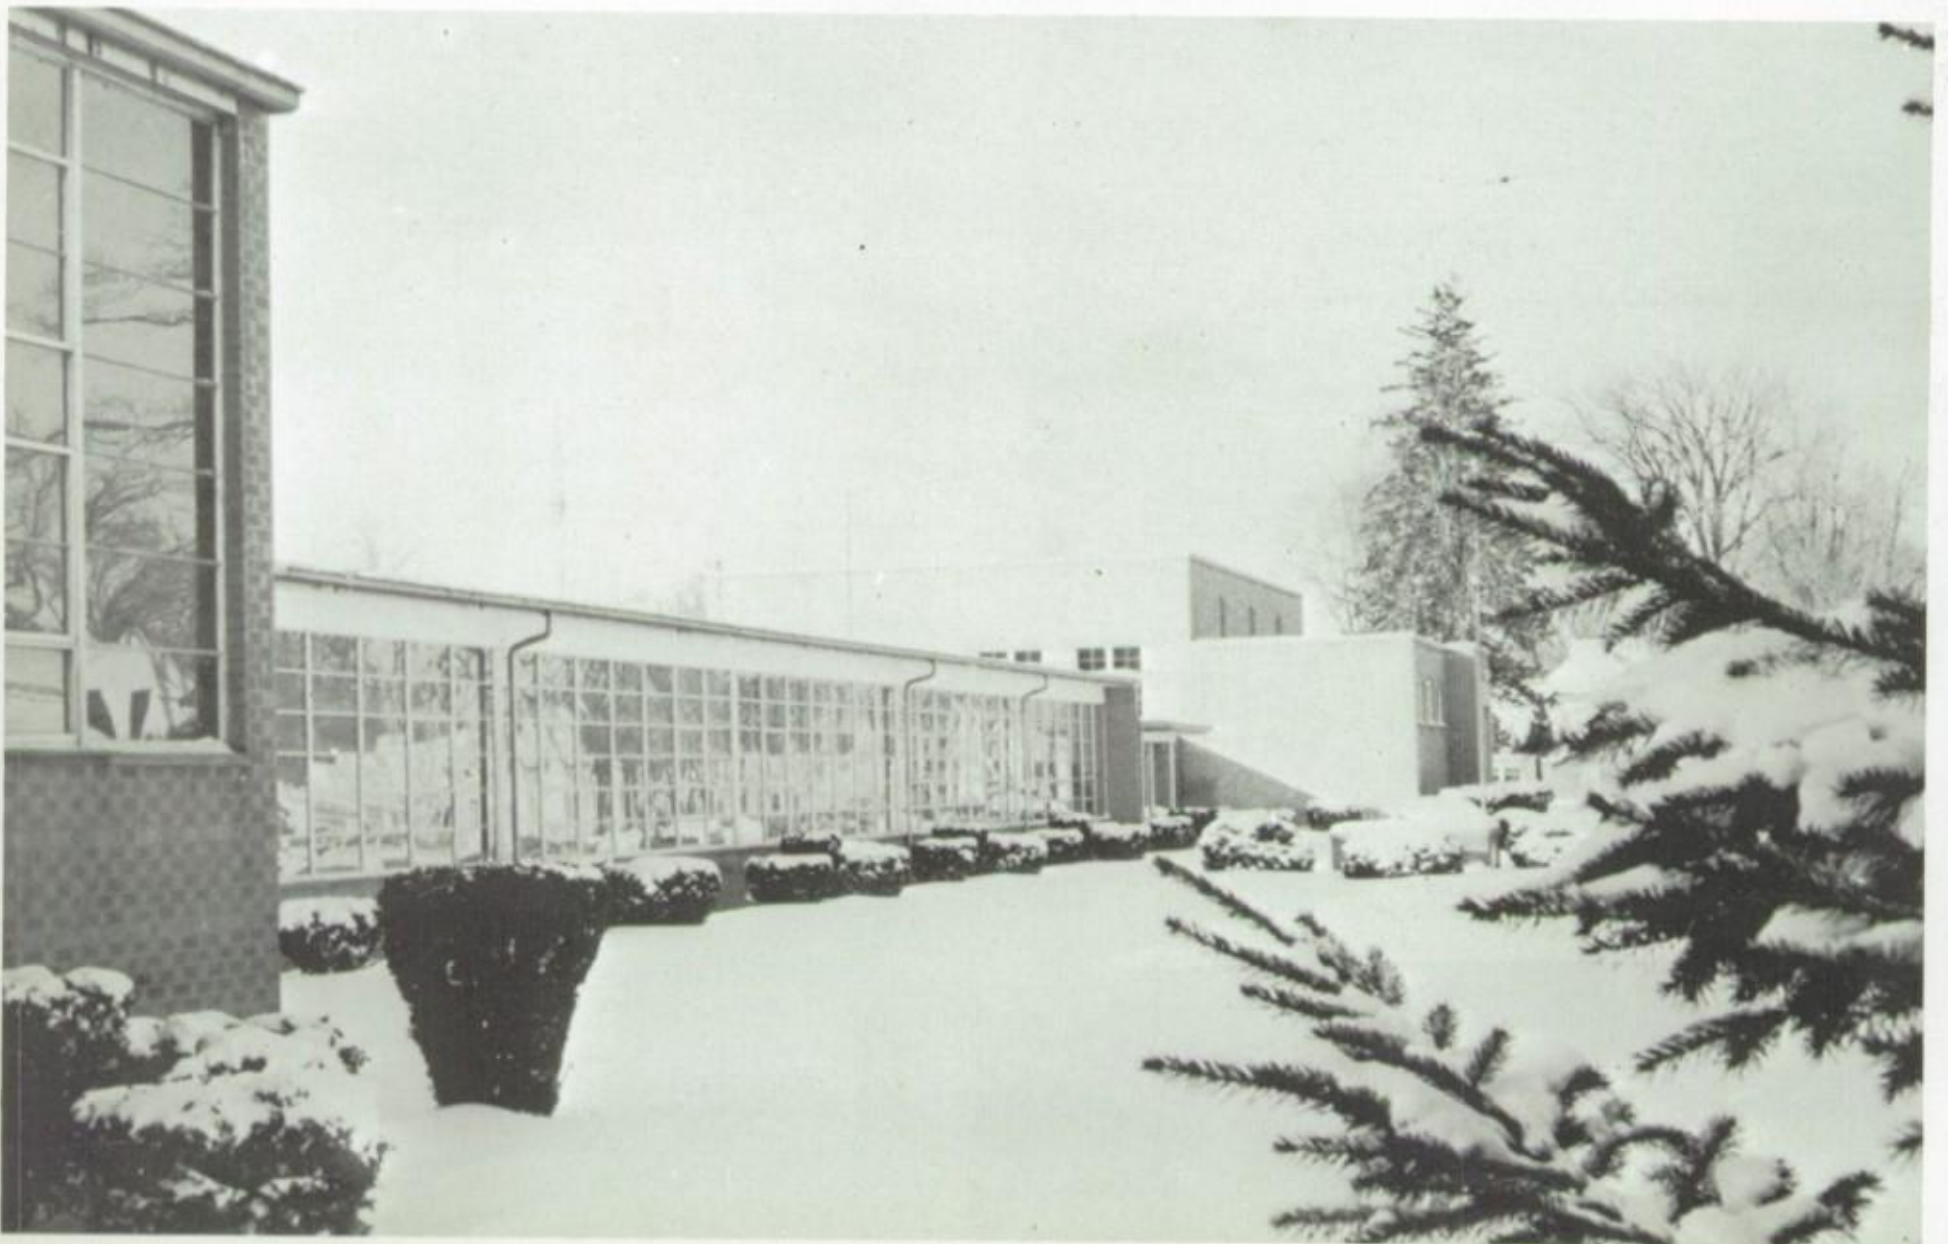

## Look Snow!! No School!!

Mr. Polter and Mrs. Denton getting things ready for the speech play.

Snow, the students dream is to wake up some winter morning to see a foot of snow on the ground and a few big drifts across the road. He knows when he sees this that he will have a day off from school. He will have time to go to a friend's house to visit, the boys will probably go hunting. Some may decide to make a little money shoveling walks. Every student is happy to see a big snowfall but after the roads are cleared they are all glad to get back to work.

A little of that white stuff which gave us a day off.

A little dancing to relax.

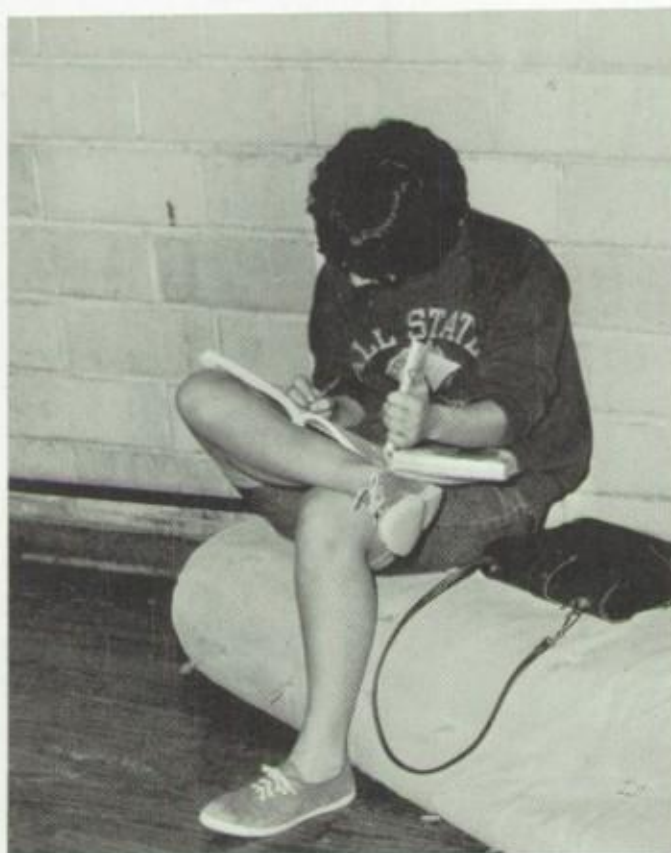

Karl Loucks has a slight problem in Biology II.

# Preparing For the Future

When a pupil enters the seventh grade he has just one major goal in mind; to prepare for the future. The way in which this is to be done is to successfully complete their high school years. All underclassmen are continually preparing for their Senior year and beyond.

## Youngest Class of Junior High

Once again a new class enters junior high, 73 in all. Their characteristics and abilities are as varied as are the students themselves.

Along with their advisors, Mrs. Posta and Mr. Armstrong, our youngest class has accomplished many things. These achievements include the electing of their class officers. One of the first things they decided on was setting the class dues at \$2.00 a year. Plans were made for a popcorn ball sale to sponsor a dance held on April 15. The class also participated with an exhibit in the Winter Carnival.

# Meet the Co-Champions of the River Raisin League 1966

Through the determination of a strong line and powerful backfield, first year coach Mr. Ron Springer, put the combination together for the first football title in 17 years, by sharing the crown with Clinton-Boysville as R. R. C. League Co-Champs.

The coaches in the league were impressed; as they placed eight of our players on the All-League teams. Tom Bilan, Tackle, Joe Saylor,

Guard, Mike Bilan, Fullback, Vince LaRocca, Quarterback, and Gene Kwiatkowski, End, made first team. Making second team was Jim Smith, End. Also receiving Honorable Mention were Bob Breitner Guard, and Jim Corson, Halfback.

Tom Bilan, Tackle, received First Team on AP All-State Selections Vince LaRocca, Quarterback, and Gene Kwiatkowski, End, received Honorable Mention on AP All-State Selections.

Co-Captains, Joe Saylor and Tom Bilan, receive the Co-Championship trophy, from Head-Coach Ron Springer.

Determined effort, intense concentration and a never-give-up spirit on the part of both players and coaches are all elements that mold a championship eleven.

## Bulldogs take first in league

This year's proud basketball team broke many records as they ran to a fabulous 16-0 regular season and an excellent 18-1 overall record. Led by Coach Clifford Smith and Assistant coach Robert Howard the team gained the respect of even its most feeble followers.

Tom Bilan takes a long jumper on our victory over Britton during the Christmas tournaments.

# Bulldogs Set Many New Records

The Bulldogs led by coach Clifford Smith ran to a fine 18 and 1 season setting high scoring records and winning the most number of games in a single season by a Monroe county school since 1947. The Bulldogs ran to a 126-76 romp over Whiteford early in the season. They compiled an average of 86.7 points per game for regular league play and an average of 78.5 points per game for the entire season.

Although the Bulldogs will lose four of their starting five there is great promise of a future good team coming up from the reserves and the remainder of the varsity team.

Congratulations Coach Smith on a fine season.

## **The Cheerleaders Led Us to Success**

This year's cheerleaders represent the backbone of our school spirit driving us to an unbelievable season. They led the loudest strongest cheering section in years which rose to peaks at the Ida games. Our seniors this year are represented by Jean Goss, Dawn Hamden, and Nancy Bolster.

## ***Beauty But One Of Their Many Traits***

This year's dances were well attended, and were enjoyed by all. The dances were held on Friday nights after home football and basketball games.

The highlights of the year were the Football Homecoming dance on October 14, The Winter Carnival dance in January and the Sweetheart Ball on February 11.

## ***FAVORITES***

# Tears Were Shed at the Homecoming

Freshman - KATHY FRESHCORN

Sophomore - RITA GEE

October 14, was a very exciting night for everyone, our 18th annual Homecoming sponsored by the Student Council. For Diane Heller, the Senior candidate, it was a night not long to be forgotten, as she was crowned Miss Homecoming 1966.

To add to the event our football team came through with a 13-6 victory over Concord.

Diane reigned at the Homecoming Dance with escort Tom Bilan.

# Miss Summerfield

This year we were proud to have Miss Linda Diesing as our Miss Summerfield representative to the annual Torch Drive Parade in Monroe. Her handsome escort was another Senior Tom Wisnieski.

They rode down Main Street accompanied by the band and the Cheerleaders.

The members of her court were Miss Connie Custer, Miss Sherry Fowler, and Miss Diane Winkelman.

The candidates were Barb Brown; Freshman, Linda Wisnieski; Sophomore, Diane Harris; Junior, Linda Perry; Senior, and Sherry Fowler; Band candidate. The excitement came to a climax when Miss Sherry Fowler was announced the queen of the Sweetheart Ball.

The evening started with a banquet which was followed by the class of 1967 giftatory.

## ***Moonlight***

Soon the couples moved to easy chairs around the dance floor.

...and of course we danced.

## And Roses

"Moonlight and Roses" was an appropriate title for this year's Senior-Junior Prom.

Laurel Hill Country Club, in Maumee, Ohio, was the setting, May 6 of one of this year's biggest social events.

Music for dancing was provided by "The James Gang", as couples were seen in the main ballroom and the terrace.

Memories are golden. We may be sure that the memories we have of the 1967 prom are just that.

# Organizations Broaden Student Interests

The Summerfield student has a wide range of interests. This is shown in the numerous organizations open to every student each year.

Student government at Summerfield is in the hands of our capable Student Council.

In the journalistic field, the newspaper staff and annual staff excel.

With the prospect of sore feet, throats and an occasional cold the 1966-67 Marching Band started off its season. Before participating in the Veterans Day Parade, the band traveled 300 miles to Interlochen, Michigan. Here, besides having a marvelous time, they practiced eight hours a day. The results were worth hearing.

## CONCERT

Not to be out-done is our hard-working concert band. Each year, they present two concerts - one at Christmas, and one in the spring. One of the hi-lights of the season is participation in the annual state contest.

The yearbook this year edited by Chad Cox and Don Link surpassed all previous annuals in length and included for the first time spring events. We, the annual staff would like to give special thanks to the administration for providing us with a private room devoted entirely to the purpose of producing a yearbook. Most important we gratefully thank our advisor to whom the qualities of this yearbook is due for his long hours and much needed advice.

It seems as if the hillbillies returned to the halls of Summerfield once again, as the Speech department produced two one-act plays. "Comin' 'Round The Mountain" and "Hillbilly High Jinks", featuring first and sixth hour speech classes were full of ribtickling laughter.

Mr. Polter, their advisor, and the play cast should be commended for their fine job! The "Return of the Hillbillies" will be long remembered.

## ***Our Varsity Did Shine!***

The Varsity Club members represent the cream of our athletic crop. These boys have, through drive and determination, pushed our team to fine seasons which we are proud of. The members of this club are subject to rigorous initiation requirements and have a right to wear their varsity jackets proudly.

Tracy Wahl is glad to become a Varsity Club member?

# The National Honor Society

This chosen group of students held their select initiation banquet on April 23. With all the splendor deserved by the event, the new members were humbly but proudly accepted. After a member is accepted he is expected to take the place of a leader among the other students and the students are to give the respect due to him.

# Represents Student Rights

Joe Saylor

Joe Saylor, President of the Student Council, led in the fight to uphold student rights within the school. The gains made by the council were not sufficient to enlarge upon. Yet the council must be recognized for its sociological value.

It is a constitutional right that the populace be represented by an elected governing body.

## ***The Public Speakers of Tomorrow?***

The debate team under the supervision of its advisor Mr. Polter, represented our school at various debates throughout the county. Few people realize the value of public speaking for its possible practical applications. The debaters automatically are a step ahead of the rest of us through their experience as debaters.

K. Dion, C. Burguard, and C. Dusseau participate in a debate.

# The Bulletin Is Produced Regardless

(L to R,) A. Doughty, C. Schwocho, and D. Libstorff

Despite a low interest rate and little co-operation the Bulldog Bulletin was produced under the direction of its editor, Cindee Schwocho.

The members of the staff were driven only by their own determination as it is an extra curricular project.

Miss Marshall and Miss Posta contributed their valuable time as advisors. The newspaper, was appreciated by the student body. The students of Summerfield would like to give special thanks to the members of the Bulletin staff for their time.

## ***Shall go Forth to Serve***

Salutatorian, Jim Drake, giving his speech entitled, "The Value of Education."

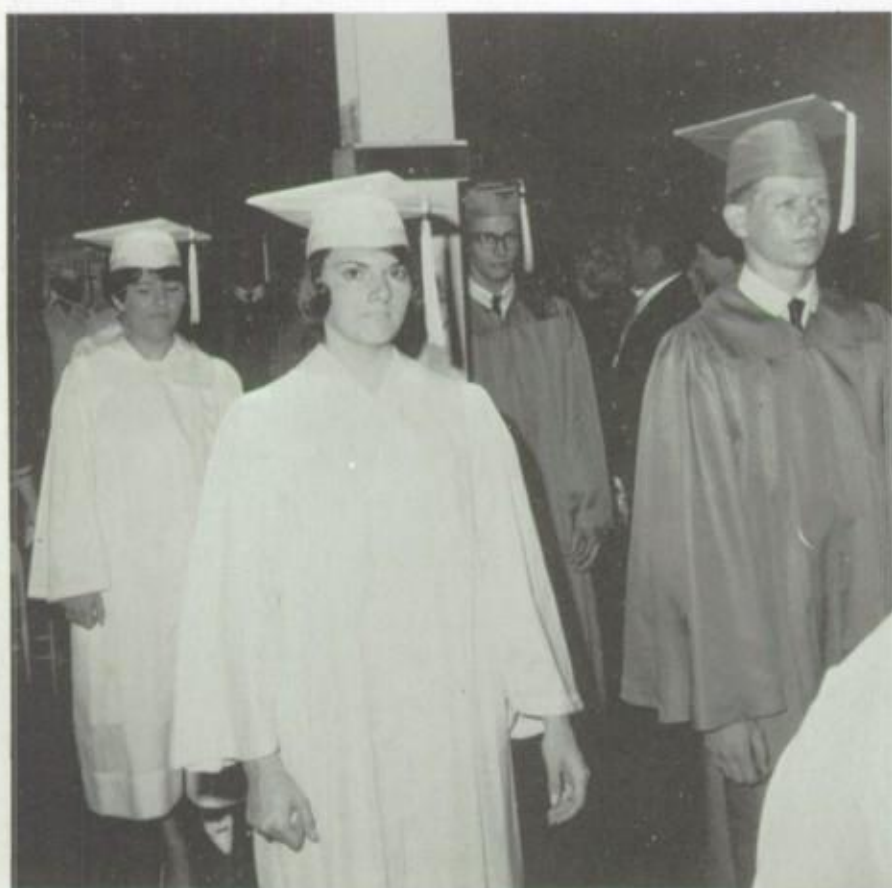

As we leave the halls of Summerfield. We take with us the memories of the past thirteen years and that which will do us the most good the knowledge which the members of the faculty spent long sometimes very frustrating hours trying to get across to us. We now go forth to put this knowledge to use. Some will use it immediately while others who are going to college will broaden their knowledge even farther so as to become better citizens.

# The Beginning Of The Future

## ELEMENTARY

Preparing for the future when one day they too will graduate from the halls of Summerfield. The young scholar begins his classes at 8:14 in the morning. During the day he will study math, reading, writing, science, English, and many other interesting subjects. He will also receive two recesses when he will be allowed out to play with his fellow classmates. A period is also set aside for the students to make things to decorate their rooms and for their own homes. His day will end at 3:26.
